

PITTSSTON HAPPENINGS.

Proceedings of the August Body of City Fathers.

PITTSSTON, Pa., April 16.—In pursuance of a call issued by President John Mangan of the borough council, the council assembled in the parlor of the Hoag and Laddie company on Charles street. Every member responded to the roll except Councilman Knowles. After the roll being called Chairman Mangan arose and stated the object in calling the meeting was to elect a board of health. The committee appointed at a former meeting to direct the borough into five health districts as the law provides failing to report, caused the resolution to be taken up by the whole council. As a result a stormy time then afforded much amusement for the citizens present was the outcome. Motion upon motion was put and as quickly voted down. The council finally got down to business by a vote of 9 to 1 in favor of the following division of the borough submitted by Councilman G. B. Reap:

First district—Beginning at the borough line on the north to Parsonsburg street.

Second district—from Parsonsburg to Butler street.

Third district—from Butler street to Broad street.

Fourth district—from Broad street to Pine street to the south end of the borough.

Chairman Mangan next appointed the following persons: First district, John Jordan; Second district, Thomas English; Third district, Alexander Sloan; Fourth district, Dr. J. O' Malley; Fifth district, Benjamin Harding. Their terms of office are respectively three years, two years, one year, four years and five years.

DUNMORE.

The parlors of the Independent Hose company were entered by some miscreants at an early hour Monday morning, who left destruction in their wake and stole two valuable prize trumpets. Portraits were cut, statuary broken and various other articles more or less ruined. Chief Burschel's portrait was destroyed completely, a knife cut having been run down one side of the features and a hand inserted bore the large scrawny likeness across. Broken glass lay scattered across the floor from a broken window by which the perpetrator had entered. Upstairs in the parlor more evidences of ruin were found. A statue of justice which had been purchased and placed in the parlor but a short time ago, was smashed in fragments by a cobblestone. The statue was life size and cost the chief \$75. A horse statue was also broken, while the two prize trumpets, the pride of the whole company and which were valued at over \$100, had disappeared. The damage must have been done at about 1:30 a.m., as several persons living in close proximity had heard unusual noises about that time. The indignation of the company members knew no bounds and immediate steps were taken to offer a reward, which was increased by the chief of the department, Victor Burschel, against whom the action, if a suit is directed.

Mr. and Mrs. T. S. Hopkins spent Sunday with friends at Tunkhannock.

Mrs. L. Tyler Connolly and Miss Maud Savage spent yesterday with Hyde Park friends.
